

# I AM NCR ALOHA INSIGHT

Increase visibility to make better business decisions

## Take control of your operations anytime, anywhere

Wouldn't it be great to be able to prevent problems before they occur? With NCR Aloha Insight, you can examine and analyze data in real-time and get automatic alerts to any issues that require attention. This integrated application collects sales and employee data at multiple sites so you can view critical reports from anywhere, at any time.

### Grow revenue

Measure operational performance accurately to make smart business decisions quickly.

### Increase visibility and control

Manage real-time critical data across all sites and implement new database changes in a single site or multiple sites.

### Reduce operational costs

Measure, control and reduce food costs by highlighting variances and forecast labor scheduling to maximize employee productivity.

### Improve customer service

Spend less time on administration and more time serving customers and improving employee satisfaction.

### Customize your data

Consolidate and customize multi-store reporting with extensive drill-down analysis by site, region or concept.
