

**RAIL**  
Security in your hands by TableSafe®

# Efficient Profitable Secure

Working in concert with your POS system to deliver the highest level of security while enhancing the guest experience. The RAIL™ pay-at-the-table payment platform eliminates the standard trips back and forth between the POS terminal and the table, allowing greater focus on customer service. The RAIL payment platform with Point-to-Point Encryption (P2PE) offers the versatility to accept multiple forms of payment at the table including EMV, Mag-stripe and NFC-based mobile payments.

- Delivers enhanced guest capability:
  - multiple split options
  - automatic tip calculator
  - flexible payment options
- Reduces traditional **8** trips to POS and Table down to **1**
- Enables staff to focus on dining experience
- Provides significant savings from increased staff efficiency and incremental revenue
- Delivers proven ROI from back of house operations, cost efficiencies, and increased sales
- Enhances guest and restaurant security by ensuring the credit card never leaves the guest's possession
- Provides peace of mind security with P2PE, PCI and EMV certification

*Completing the Ultimate Dining Experience...Together*

---

# Delivering Security, Efficiency, and Flexibility to the Hospitality Industry

---

The RAIL by TableSafe provides the best in class pay-at-the-table solution that compliments the dining experience you've worked so hard to build for your guests. The RAIL payment platform is delivered at the end of the meal, like a standard check presenter. The RAIL provides guests the ability to split their bill, calculate tip and pay with a variety of payment choices.

The RAIL offers the highest protection against credit card theft and data breaches by encrypting data within the

device, utilizing P2PE and eliminating the need to store credit card information on the POS. The PCI PTS, SRED and EMV certifications will bring your restaurant to a new level of security, providing peace of mind for you and your guests.

The RAIL will support all major mobile payment platforms, along with traditional Mag Stripe and chip enabled cards.

---

## Proven ROI

---

### The RAIL Saves Restaurants

- 5 min Reconciling Receipts
- 8 min Closing Out Server Shift
- 45 min Office Labor to Validate Tips
- 85 % Thermal Paper Usage

### The RAIL Delivers

- 14 % Increase in Server Tips
- 5 % Incremental Sales Growth
- 6-10 min Faster Table Turns

---

## Completing the Ultimate Dining Experience

---

Integrating the RAIL platform with your POS system delivers an un-paralleled level of service. The RAIL eliminates the need to close tables at the terminal, enabling the servers to focus on their dining guests.

Since the RAIL expedites the payment process, guests conclude their dining experience happier and quicker, resulting in an enhanced customer experience and faster table turns.

“ *WHAT IT COSTS TO PURCHASE AND RUN THE RAIL HAS BEEN OFFSET BY EVERYTHING THAT GOES ON BEHIND THE SCENES. I BELIEVE THIS TO BE THE GRAND CRU OF WHAT IS OUT THERE FOR US. IT'S THE BEST OF THE BEST AND IT'S THE WAY OF THE FUTURE!* ”
